## SPACE ATTACK™

Cartridge No. 1

Part No. 826002

# INSTRUCTIONS

- ➊ Read your 'Owners Manual' before playing the game.
- ➋ Refer to it for all necessary adjustments to achieve the best results.
- ➌ Always push the power switch to off (red power light off) when inserting or removing a game cartridge. This will prevent damage to your cartridge or console.
- ➍ Insert cartridge into console (game name should face you) and push firmly into position.
- ➎ This game uses right hand controller only.

## WHAT THE GAME IS ALL ABOUT

- ➊ The purpose of the game is to score as many points as possible.
- ➋ Points are gained by shooting down the invading enemy space ships with your missiles.
- ➌ Push "Select" button for either:-  
"Play Mode" – This means you can play and try to obtain the highest score **or**  
"Demonstration Mode" – This means the computer will automatically demonstrate how the game plays.  
**Note**, the mode is indicated by either a "P" or "D" in the bottom right hand corner of the T.V. screen.

## HOW TO PLAY THE GAME

### USE RIGHT HAND CONTROLLER ONLY!!

- ➊ After inserting the cartridge, push 'Power' switch on (red lamp should light).
- ➋ Press 'Reset' – the picture shown in Fig. 1 should appear on the screen.

**③** Push 'Start' – the enemy space ships will move and fire rockets at your missile launcher. Some of the enemy space ships will fly directly at your missile launcher.

**④** Avoid the incoming rockets and the enemy space ships by moving your missile launcher to the left or right using the disc or joystick control.

**⑤** Fire your missiles at the enemy space ships by pressing the fire button on the side of your controller or keyboard button No. 2.

**⑥** When your missiles have shot down all the enemy space ship's rocket, or a collision, wipes out your missile launcher, another missile launcher will automatically appear. You start with 3 missile launchers. The number of missile launchers you have left is shown at the bottom right hand corner.

**⑦** The game ends when all your missile launchers are destroyed, or your energy power (greenline) shrinks till you have no energy left.

**⑧** When your missiles have shot down all the enemy space ships, a new squadron of space ships will appear for you to shoot at.

**⑨** You receive extra missile launchers as a bonus if you reach 5000 points.
